

Z370R Electric ZTrak™ Zero Turn Mower

Run With Us to an Electric Tomorrow

Our first Electric Zero Turn mower is now available. With this electric machine, you can mow up to 0.8ha (2-acres) fast with zero operating emissions and no engine noise. But that's just the beginning.

- Mow up to 0.8ha (2 acres) per charge¹
- 3.2 kWh (3.56 kWh maximum) Sealed Lithium-Ion Battery
- 107 cm (42-in) & 122 cm (48-in) Accel Deep™ Mower Deck
- Zero operating emissions and no engine noise
- 5-year/200-hour Battery Warranty²

Discover the reusable power of the eco-friendly Z370R Electric. With an Accel Deep™ Mower Deck, you'll get the same cut quality as a John Deere petrol -powered machine. Except with zero operating emissions.

¹Actual mowing area per charge will vary based on conditions and attachment usage.

²Term limited to 5 years from date of purchase or 200 hours of machine usage, whichever comes first. For full details, see the LIMITED WARRANTY FOR NEW JOHN DEERE TURF AND UTILITY EQUIPMENT at JohnDeere.com.au & JohnDeere.co.nz.

Operator Display: Large LCD screen to monitor battery levels and three operator modes to adjust settings that fit operator preference and yard conditions.

Fully Sealed Battery: Thanks to the 3.2 kWh (3.56 kWh maximum) Sealed Lithium-Ion Battery, this electric mower can weather the conditions, be washed and be stored outside.

Intuitive Controls: Integrated park brake is activated when the control levers are pushed outward. Power button easily turns on machine.

Accel Deep™ Mower Deck: Offers no compromises in cut quality and performance when compared to a similar petrol machine.

On-Board Charging: Just plug in a standard extension cord when you are done mowing and walk away. The Smart Charge Technology prevents over charging and maintains battery life.

Integrated Bluetooth: Remotely monitor charge status and battery level through the Equipment Mobile app with Bluetooth™ technology. And so much more.
